

December 9, 2020

Dear Parents/Guardians of Canora Composite and Canora Junior Elementary Schools,

Due to the positive cases of COVID-19 at Canora Composite School, Public Health has organized a **mobile testing site** for individuals who would like to voluntarily be tested. This will take place on **Friday, December 11, 2020, from 10 am to 2 pm, in the Rainbow Hall**. Canora community members are welcome to be tested as well.

If any students, staff, or community members are not symptomatic (asymptomatic) when tested, Public Health has advised the Division that those individuals will **not** need to self-isolate while awaiting the results. However, if the individual is not symptomatic but is a close contact or has symptoms then they will **need** to self-isolate as per Saskatchewan's guideline.

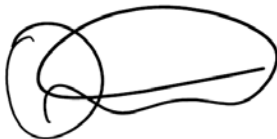

Pre-registration is strongly encouraged for the mobile testing. Registration closes at 2 pm on Thursday, December 10, 2020. To pre-register, visit gssd.ca. The form is posted at the top of the webpage.

If your child is under the age of 18, verbal consent from a parent or guardian will be required at the testing site. Please ensure that you bring your health card with you.

Public Health reminds us that all students and staff are to remain at home when showing the slightest symptom of COVID-19.

For further information regarding COVID-19, please call Health Line at 8-1-1 or visit the Saskatchewan Ministry of Health website at www.saskatchewan.ca/covid19.

Sincerely,

Quintin Robertson
CEO/Director of Education
Good Spirit School Division
