### **Management's Responsibility**

The municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The council is composed of elected officials who are not employees of the municipality. The council is responsible for overseeing management in the performance of its financial reporting responsibilities. The council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The council is also responsible for recommending the appointment of the municipality's external auditors.

Baker Tilly SK LLP, an independent firm of chartered professional accountants, is appointed by the council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the council and management to discuss their audit findings.

## **Independent Auditors' Report**

To the Council  
Town of Canora

### *Qualified Opinion*

We have audited the consolidated financial statements of Town of Canora, (the municipality), which comprise the consolidated Statement of Financial Position as at December 31, 2025 and the consolidated Statements of Operations, Change in Net Financial Assets and Cash Flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the municipality as at December 31, 2025, and results of its operations and its consolidated cash flow for the year then ended in accordance with Canadian public sector accounting standards.

### *Basis for Qualified Opinion*

PS 3280 asset retirement obligations requires the municipality to recognize a liability at the reporting date for future costs that the municipality is legally obligated to incur for the retirement of a tangible capital asset. The municipality owns several buildings constructed prior to 1990 that likely contain asbestos and require remediation upon the retirement of the building. A liability has not been recognized for these costs. As insufficient information is available with regards to the extent and expected costs of the likely remediation activities, we are unable to determine the asset retirement obligation liability that would have been recognized on the current or prior year's statement of financial position, or the impacts on expenses, surplus and accumulated surplus of the current or prior year.

PS 3280 asset retirement obligations also requires the municipality to recognize a liability at the reporting date for future costs that the municipality is legally obligated to incur for the de-commissioning and post-closure monitoring costs of its landfill. The municipality has recognized a liability of \$1,766,727 related to these obligations. We were unable to obtain sufficient appropriate audit evidence to support the measurement of this liability. As such, we are unable to determine the impact on the current or prior year's statement of financial position, or the impacts on expenses, surplus and accumulated surplus of the current or prior year.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the municipality in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Council is responsible for overseeing the municipality's financial reporting process.

*Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the group consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

*The notes to consolidated financial statements are an integral  
part of these consolidated financial statements.*

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies**

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian Public Sector Accounting Standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

**(a) Basis of accounting**

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable, and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

**(b) Reporting entity**

The consolidated financial statements consolidate the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the council for the administration of their financial affairs and resources.

Partnerships: A partnership represents a contractual arrangement between the municipality and a party or parties outside the reporting entity. The partners have significant, clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership. These consolidated financial statements contain the following partnerships:

Canora Fire Protection District - 35% proportionate consolidation

**(c) Collection of funds for other authorities**

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation. The amounts collected are disclosed in note 3.

**(d) Government transfers**

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or are the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:

- (i) the transfers are authorized;
- (ii) any eligibility criteria and stipulations have been met; and
- (iii) a reasonable estimate of the amount can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies - continued**

(d) Government transfers - continued

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

(e) Other (non-government transfer) contributions

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally-restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally-restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received to the extent that they would be paid for on the normal operations of the municipality's activities and the fair value can be reasonably estimated.

(f) Deferred revenue - fees and charges

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(g) Local improvement charges

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

(h) Net financial assets

Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(i) Non-financial assets

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(j) Appropriated reserves

Reserves are established at the discretion of council to designate surplus for future operating and capital transactions. Amounts so designated are described on schedule 8.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies - continued**

**(k) Property tax revenue**

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

**(l) Financial instruments**

Derivative and equity instruments (or other portfolio investments) that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. If there are any unrealized gains and losses, they are recognized in the statement of remeasurement gains and losses. When the investment is disposed of, the accumulated gains or losses are reclassified to the statement of operations.

Long-term debt:

Long-term debt is initially recognized net of premiums, discounts and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivables:

Receivables with terms longer than one year have been classified as other long-term receivables.

Measurement of Financial Instruments:

The municipality's financial assets and liabilities are measured as follows:

| <u>Financial statement line item</u>     | <u>Measurement</u>     |
|------------------------------------------|------------------------|
| Cash and cash equivalents                | cost or amortized cost |
| Other accounts receivable                | cost or amortized cost |
| Accounts payable and accrued liabilities | cost or amortized cost |
| Deposit liabilities                      | cost or amortized cost |
| Long-term debt                           | cost or amortized cost |
| Lease obligations                        | cost or amortized cost |

**(m) Stock and supplies**

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies - continued**

**(n) Tangible capital assets**

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The municipality's tangible capital assets useful lives are estimated as follows:

**General Assets**

|                         |             |
|-------------------------|-------------|
| Land                    | Indefinite  |
| Land improvements       | 20-40 years |
| Buildings               | 11-40 years |
| Vehicles                | 20 years    |
| Machinery and equipment | 10-20 years |
| Leased capital assets   | 10-20 years |

**Infrastructure Assets**

|               |             |
|---------------|-------------|
| Linear assets | 15-40 years |
|---------------|-------------|

**(o) Government contributions**

Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

**(p) Works of art and other unrecognized assets**

Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

**(q) Capitalization of interest**

The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

**(r) Leases**

All leases are recorded on the consolidated financial statement as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risks associated with the leased asset is classified as capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the present value of the minimum lease payments, excluding executory costs. Assets under capital leases are amortized on a straight-line basis over their estimated useful lives (lease term). Any other lease not meeting the before-mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies - continued**

(s) Employee benefit plans

Contributions to the municipality's multi-employer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

(t) Revenue

Revenue from transactions with no performance obligations are recognized as received or as the municipality becomes aware of, provided collection is reasonably assured.

Investment income is recognized as earned.

For revenue items with related performance obligations:

Fees and charges are transactions with performance obligations. A performance obligation is a promise to provide a distinct good or service, or services, or distinct goods or services to a payor for consideration. The municipality recognizes revenue when the performance obligations are satisfied and the payor obtains control of the asset or benefits from the service provided.

When a single transaction requires the delivery of more than one performance obligation, the revenue recognition criteria are applied to the separately identifiable performance obligations. A performance obligation is considered to be separately identified if the product or service recognized as revenue for each performance obligation is its fair value in relation to the fair value of the contract as a whole.

For each performance obligation, the municipality must ascertain whether the obligation is satisfied over a period of time, or at a point in time. In order to do this, the characteristics of the underlying goods and/or services must be considered in order to determine when the ultimate performance obligations will be satisfied. If any of the below criteria are met, the revenue must be recognized over a period of time; otherwise, corresponding amounts are to be recognized at a point in time.

- a) The payor simultaneously receives and consumes the benefits provided by the municipality's performance as they fulfill the performance obligation.
- b) The municipality's performance creates or enhances an asset (for example, work in progress) that the payor controls or uses as the asset is created or enhanced.
- c) The municipality's performance does not create an asset with an alternative use to itself, and the municipality has an enforceable right to payment for performance completed to date.
- d) The municipality is expected to continually maintain or support the transferred good or service under the terms of the agreement.

When determining the amounts of revenue to recognize at various stages along the point of time, determinants vary but often include percentage complete.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**1. Significant Accounting Policies - continued**

(t) Revenue - continued

Non-exchange transactions are transactions or events where there is no direct transfer of goods or services to a payor. The municipality receives an increase in economic resources for which the payor does not receive any direct goods or services in return. Revenue for non-exchange transactions is recognized when the municipality has the authority and identifies a past transaction or event that gives rise to an asset.

Revenue from product sales is recognized when the significant rewards of ownership of the products have passed to the buyer, usually on the delivery of products.

(u) Use of estimates

The preparation of consolidated financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenditures during the period.

Use of estimates impacts the following financial statement areas:

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The opening asset costs of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

The liability associated with asset retirement obligations is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date, the discount rate and inflation.

The values associated with the initial recognition and impairment tests of intangible capital assets involve significant estimates and assumptions, including those with respect to future cash inflows and outflows, discount rates and asset lives.

These determinations will affect the amount of amortization expense on intangible capital assets recognized in future periods. Management assesses impairment by comparing the recoverable amount of an intangible capital asset with its carrying value. The determination of the recoverable amount involves significant estimation by management.

Measurement of financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

**1. Significant Accounting Policies - continued**

(v) Basis of segmentation/segment report

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General government: provides for the administration of the municipality.

Protective services: comprised of expenses for police and fire protection.

Transportation services: responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and public health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and development: provides for neighbourhood development and sustainability.

Recreation and culture: provides for community services through the provision of recreation and leisure services.

Utility services: provides for delivery of water, collecting and treating of wastewater, and providing collection and disposal of solid waste.

(w) Budget information

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on May 6, 2025.

(x) Assets held for sale

The municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset and the sale is reasonably anticipated to be completed within one year of the financial statement date.

(y) Asset retirement obligation

Asset retirement obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development or normal use. The tangible assets include, but are not limited to, assets in productive use, assets no longer in productive use, and leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific Tangible Capital Asset (TCA), when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date.

---

**1. Significant Accounting Policies - continued**

**(y) Asset retirement obligation - continued**

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

**(z) Liability for contaminated sites**

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The municipality:
  - a) Is directly responsible; or
  - b) Accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

**(aa) New accounting standards and amendments to standards**

A new conceptual framework was issued in December 2022 with an effective date of April 1, 2026, replacing the conceptual aspects of Sections PS 1000, Financial Statement Concepts and PS 1100, Financial Statement Objectives. This revised conceptual framework is a guide for the Public Sector Accounting Board as it develops new standards or amends existing ones. The purpose of the revised framework is to guide public sector entities as they need to develop accounting policies when no other standards in the PSA Handbook specifically apply to a transaction.

A new PS 1202, Financial Statement Presentation, standard was issued in November 2023, with an effective date of April 1, 2026, to replace previous PS 1201, Financial Statement Presentation, and to incorporate other relevant aspects of previous Sections 1000 and PS 1100.

The extent of the impact on adoption of these future standards is not known at this time.

**Landfill**

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental Management and Protection Act and include final coverings and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance.

The reported liability is based on estimates and assumptions with respect to events extending over a 33-year period using the best information available to management.

Future events may result in significant changes to the estimated total expense, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

| 2027       | 341,815             | 27,510            | 369,325               | 5,084                     |
| 2028       | 352,959             | 12,298            | 365,257               | -                         |
| 2029       | 23,132              | 2,389             | 25,521                | -                         |
| 2030       | 24,161              | 1,359             | 25,520                | -                         |
| Thereafter | <u>6,449</u>        | <u>284</u>        | <u>6,733</u>          | <u>-</u>                  |
|            | <b>\$ 1,290,858</b> | <b>\$ 116,754</b> | <b>\$ 1,407,612</b>   | <b>\$ 469,808</b>         |

**11. Lease Obligations**

The municipality has the following capital leases:

2025 John Deere 2400 Precisioncut Triplex mower - Lease obligation is repayable at monthly payments with a combined principal and interest of \$1,254 at a rate of 4.8% and is scheduled to mature in 2030.

2024 John Deere 2400 Precisioncut Triplex mower - Lease obligation is repayable at monthly payments with a combined principal and interest of \$817 at a rate of 4.1% and is scheduled to mature in 2030.

Future minimum lease payments under the capital leases, together with the balance of the obligation due under the capital leases, are as follows:

|                                     | <b>2025</b>       |
|-------------------------------------|-------------------|
| 2026                                | 23,733            |
| 2027                                | 23,733            |
| 2028                                | 23,733            |
| 2029                                | 23,733            |
| 2030                                | <u>16,239</u>     |
| Total future minimum lease payments | 111,171           |
| Amounts representing interest       | <u>( 11,143)</u>  |
| Capital lease liability             | <b>\$ 100,028</b> |

The interest expense related to lease liabilities is \$1,099.

Cost of capital assets under capital leases included in machinery and equipment is \$117,973.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**12. Employee Benefits Plans**

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable years of service, highest average salary, and the plan accrual rate.

For further information of the amount of MEPP deficiency/surplus information see:  
<https://mepp.peba.ca/fund-information/plan-reporting>

All contributions by employees are matched equally by the employer. The contribution rates were updated on July 1, 2018. Employee contribution rates in effect for the year are as follows:

|                    | <b>2025</b> | <b>2024</b> |
|--------------------|-------------|-------------|
| General members    | 9.00 %      | 9.00 %      |
| Designated members | 12.50 %     | 12.50 %     |

Contributions to the plan during the year were as follows:

|                 |           |           |
|-----------------|-----------|-----------|
| Benefit expense | \$ 91,228 | \$ 98,525 |
|-----------------|-----------|-----------|

As per the most recently audited consolidated financial statements dated December 31, 2024, the plan surplus is \$1,511,598 (in thousands).

**13. Investment in Government Partnerships**

Canora Fire Protection District was established through a partnership with four municipalities in 2025. The purpose of Canora Fire Protection District is to provide fire protection services to all residents within its boundaries. The municipalities within the partnership are the Town of Canora, R. M. of Good Lake No. 274, R. M. of Sliding Hills No. 273, and R. M. of Keys No. 303.

**13. Investment in Government Partnerships - continued**

The financial statements shown are proportionately consolidated with the municipality financial statements at 35% representing the municipality's interest in Canora Fire Protection District. After eliminating inter-company transactions, the following amounts have been included in the consolidated financial statements:

|                                 | <b>2025</b>              |
|---------------------------------|--------------------------|
| Statement of Financial Position |                          |
| Financial assets                | 47,828                   |
| Financial liabilities           | <u>65,031</u>            |
| Net financial assets            | ( 17,203)                |
| Non-financial assets            | <u>235,576</u>           |
| <b>Accumulated Surplus</b>      | <b><u>\$ 218,373</u></b> |
| Statement of Operations         |                          |
| Revenue                         | 70,369                   |
| Expenses                        | <u>79,696</u>            |
| <b>Surplus</b>                  | <b><u>\$( 9,327)</u></b> |

In the event that Canora Fire Protection District is dissolved, the municipality is responsible for its share of any costs in excess of the net assets of Canora Fire Protection District. At December 31, 2025, Canora Fire Protection District plans to continue operations for the foreseeable future.

**14. Comparative Figures**

Certain balances for comparative purposes have been reclassified to conform with the current year's presentation.

**15. Risk Management**

Through its financial assets and liabilities, the municipality is exposed to various risks.

**Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of other accounts receivable.

The municipality has mitigated its exposure to credit risk on financial instruments through the ability to pursue tax enforcement under The Municipal Act.

**Liquidity risk**

Liquidity risk is the risk that the entity will encounter difficulty in meeting financial obligations as they fall due. The municipality undertakes regular cash flow analyses to ensure that there are sufficient cash resources to meet all obligations.

**Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency and other price risk.

**Town of Canora**  
Notes to Consolidated Financial Statements  
For the year ended December 31, 2025

---

**15. Risk Management - continued**

**Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of long term debt as the rates are based on the prime rate of interest.

The municipality obtained loans from Crossroads Credit Union with interest rates based on prime rate. Since 2022, significant inflation occurred, Bank of Canada has increased the prime rate from 2.70% up to 7.2% at December 31, 2023 and back down to 4.45% at December 31, 2025. This change has resulted in a decrease in the interest payable from December 31, 2024 to December 31, 2025.

**16. Statement of Remeasurement Gains and Losses**

There are no measurement gains or losses during the periods presented; therefore, no statement of remeasurement gains or losses is included in these financial statements.
